GREENWOOD SCHOOL REPORT

1924-5.

To the Superintending School Committee and Citizens of Greenwood:

The schools of the town have made good progress and have been quite free from interruption during the past year.

The work on inside repairs has gone on finely. Painting the exteriors should be the next consideration. I would recommend that the buildings at Locke's, Patch Mountain, and Irish districts be painted during the coming year. All buildings are now equipped with slate blackboards.

Expenditures for text books and supplies have recently been very low, due largely to the fact that changes for the introduction of new series have not been made. Throughout the State the average cost a year per pupil is about \$3.50.

High School tuition has now advanced to \$75 a year in all schools. This about the average cost per student throughout the State.

I wish hereby to thank the members of the committee and patrons of the schools for hearty sympathy and support.

Recommendations, accounts and statistics will follow.

Respectfully submitted,

F. E. RUSSELL, Supt. of Schools.

RECOMMENDATIONS.

For common schools,	\$4,000 00
